

REPORT

regarding item 8 on the agenda of the AGOA Cocor convened for April 9/10, 2025

Approval of the contract with Vodafone, no. VDFRODS123587589, concerning the replacement of the screens on the media façade of the Cocor shopping center, with screen B (the large one) having the capability to display content in 3D.

Cocor S.A. has signed a contract with Vodafone Romania S.A. for the replacement of the media façade screens at Cocor, with payment in installments over a period of 24 months.

The equipment is expected to arrive in Romania at the end of March 2025, and Vodafone Romania S.A., through its specialized companies, will begin the process of dismantling the old screens and installing the new ones. This activity is expected to be completed within the first half of 2025.

The total contract value is EUR 1,118,600 and will be fully covered by Cocor S.A. from its own funds. The contractual warranty period is 5 years.

The contract has been approved by the Board of Directors of Cocor S.A. within its competence limits.

Vodafone Romania S.A., through its specialized companies, will submit the necessary documents to the competent authorities for the execution of the aforementioned work, obtain the required approvals and permits, and will be responsible for the legality and consequences of all related operations.
